

## Statement on racial justice

The staff and Board of Presbyterian Social Ministries stand in support of racial equality, and against deeply ingrained prejudices against Black Americans and other people of color simply because of the color of their skin.

What we know to be true is being diverse fosters different points of view which trickle down to our processes and how we function every day. We are committed to listening and acting on differing perspectives to better serve those in need.

We acknowledge that maintaining this commitment to diversity requires constant effort and we pledge to continuously look for opportunities within our organization to do so.

Join us as we continue to keep the families and loved ones of all those suffering, directly and indirectly, in our thoughts and prayers.
